d. [REDACTED] has been transferred from the A&E Staff to the Plans and Policy Staff, effective 28 August 1959, to serve as Educational Specialist. In his position as an educational advisor and staff consultant, he will have as his objectives the improvement of training methods, preparation of instructional materials, and improvement of instructional or training aids. He will also be responsible for the Instructor Training Course and will cooperate closely with A&E on matters of mutual concern, especially as the latter may affect evaluation of trainees.

e. The Registrar Staff disapproved four requests for Agency employees desiring to attend professional meetings or conferences on the basis of the two-year-old DD/S policy statement which includes this: "After June 1957 it is expected that each Office and Staff will make budgetary provision to cover costs for attendance by Agency employees at external conferences and professional society meetings." The Registrar Staff will continue to scrutinize each request for external training to determine whether it is properly an OTR-sponsored activity.

f. The Intelligence Interviewing Techniques course will be ready for initial presentation on 23 September. The first group of students will be a selected group from the Contact Division of the Office of Operations.

g. On 3 September the new request form for internal training was made available in stock rooms. A special bulletin has been released to explain the reduced paper work OTR requires for registration. From time to time, some few instructors may have a specific need for supplemental information; if this cannot be obtained readily at the introductory class session, the Registrar will arrange to get it for the instructor.
